A GREAT LAW SUIT.—In 1864, Cyrus H. McCormick, of Chicago entered into a partnership for seven years, with his brothers, William and Leander, for the manufacture and sale of reaping and mowing machines. Cyrus holding one-half interest, and each of his brothers one-fourth. William McCormick died in 1865, leaving a widow and five children, in whose behalf the administrator brings a suit for an adjustment of the partnership. In the bill it is alleged that upon said death the surviving partners carried on the business without change until the 16th of June, 1866, when they entered into an agreement that unless prohibited by the court, or it should be deemed prejudicial to the interests of the estate of William, the business should be continued until the full seven years contemplated in the agreement had expired, the interest of the deceased being carried on for the benefit of his estate. It is further alleged that, on the 1st of August, 1867, said surviving partners, pretending that the interests of the estate would be jeopardized by a continuance of the business in its behalf, closed the books, and opened a new set for the business, which has since been carried on for their joint benefit exclusively. The bill sets forth that the interest of the deceased in the personal effects of the partnership is of the value of \$250,000, and upward, and that the real estate of the firm is of the value of \$800,000, and upward; also, that said surviving partners have offered the sum of \$497,229.05, payable in five equal yearly instalments, with interest at six per cent, for the entire interest of the estate of the deceased in the business. The bill prays that an account may be had of the late co-partnership since and before the death of the deceased, and that the interest of the estate may be sold to the best advantage. An exhibit to the bill shows that the present assets of the firm including 6,175 mowers valued at \$324,875, and 4,333 reapers, valued at \$724,950, footup to \$3,844,354.65. Total liabilities, including \$175,000 loss on bad debts, \$2,124,586.43, leaving a balance of \$1,719,768.22.

A NOVEL WEDDING.—On Thursday, General Haskell, of Orange, N. J., and Miss Emma Gilmore, were matrimonially united. The ceremony was unique. It was performed in Lewellyn Park, under an ancient pine tree, just after sun rise. As both groom and bride hold extremely "liberal" as distinguished from orthodox, religious views, they requested Rev. Henry Ward Beecher, who officiated, so far to respect their conscientious independence of churchly ordinances as to omit from the service any form of words based on these. Accordingly, after the young couple had presented themselves on a moss-carpeted spot, and were circled at a close distance by their friends, the groom clasped the bride's hand, saying, "I take you Emma, for my wife," the bride responded, "I take you Lewellyn, for my husband," and Mr. Beecher added only these words: "In behalf of the sentiments of the community in which we dwell, and of the laws, I declare in virtue of what you have now done, that you are husband and wife. May the love which has thus been declared, be strong as these evergreens (throwing at their feet some evergreens and flowers) to endure the storms and winter of life, and as fragrant and tender as the flowers of summer. May God bless you!"

The friends then, stepping forward, threw down before the married pair many handfuls of similar dew besprinkled offerings. And this, together with the multitudinous kisses, handshakings and congratulations concluded the ceremony. —N. Y. Independent.

MANUFACTURE OF U. S. BONDS, PAPEK MONEY, STAMPS, ETC.—It is ascertained from an official source that the engraving and printing bureau of the Treasury Department, under the charge of S. M. Clark, employs over six hundred hands, about one-half of them females. Its expenses for the calendar year ending December 30th, 1867, were: For pay of employees, \$600,023.94; for materials, paper, ink, chemicals, freight, fuel, lights, &c., \$260,085.54—making a total of \$860,109.48. It manufactured during this period, of 10-40 bonds, coupon and registered, \$27,450,000; of 3-20's, \$723,069,800; of Pacific Railroad bonds, \$83,000,000; of gold notes, \$240,000,000; of three per cent. certificates, \$160,000,000; of fractional currency, \$23,330,651, making a total of \$1,211,850,451; of internal revenue bonds, \$20,665,000; of cigar stamps, \$7,750,000. The bureau is now engaged in manufacturing bonds for issue under the act of March 3, 1865, in making fractional currency, the average quantity of which is over half a million of notes daily, in printing cigar and beer stamps, &c.

REV. W. F. BROADBENT.—At the close of the services in the Baptist Church in Charlottesville on Sunday last, a letter from Rev. W. F. Broadbent, D. D., was read resigning the pastorate of said Church. The letter was referred to a committee of three, who will report at a special meeting of the church, when it is also expected that measures will be adopted to fill the vacancy at once. Rev. Dr. Broadbent became pastor in Charlottesville on the 1st of February, 1863. He is now to become evangelist at large for the State, and also Agent to collect funds to aid in the education of soldiers' children. The Baptist General Association of Virginia, at its late session in Alexandria, recommended the Committee in Charlottesville to whom the education of soldiers' children is committed, to enlarge their sphere of operations, and put an agent in the field so as to educate a larger number of children than heretofore. The number of children in the State who have been sent to school by this committee during the past year is about 500. —Charlottesville Chronicle.

MEDICAL.

BALTIMORE LOCK HOSPITAL.
ESTABLISHED AS A REFUGE FROM QUACKERY.
THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.

DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Cure for the World for the Wreakers of the Back or Limbs, Strictures, Afection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach, or Bowels—those Terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners lured by bliss, blighting their most brilliant hopes of anticipation, rendering marriage, &c., impossible.

YOUNG MEN,
Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entered the ranks of the warriors with the thunders of eloquence, or walked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.
Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Deformities, speedily cured. He who places himself under the care of Dr. J. will religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS
Immediately cured and full vigor restored. This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of impropriety. Young persons are too apt to go to front or back, and not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The System becomes deranged, the Physical and Mental Functions weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death.

DR. JOHNSON,
Member of the Royal College of Surgeons in London, (Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears, with great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, uniting them for either business, study, society or marriage. There are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced. Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

YOUNG MEN,
Who have injured themselves by a certain practice, indulged in, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and, if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately. What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,
effect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these the journey through life becomes a woe the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiest of another becomes blighted by your own.

DISEASES OF IMPRUDENCE.
When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who from education and respectability, can alone benefit him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the skin, bones and arms, blotches on the face and extremities, pressing with frightful rapidity till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveler returns."

IT IS A MELANCHOLY FACT that thou sands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that DEADLY POISON, MR. RUKY, ruin the constitution and make the residue of life miserable.
